

WIJAYA HUSADA INSTITUTE CHAIRMAN

Greetings!

Good morning to all Distinguished Speakers,
Faculty Members of Wijaya Husada Health Institute,
Beloved Students of Wijaya Husada Institute
and all the participants of the webinar today.

Praise be to God Almighty because with His grace and guidance we can gather at this zoom meeting to contribute in the international webinar held by Wijaya Husada Health Institute Bogor.

We are pleased to welcome all webinar participants to the International Seminar “Community Health Promotion & Education”, organized by Wijaya Husada Institute. On behalf of our institution, we extend warm greetings to webinar participants, both participants who join us in Indonesia and in other countries. This event will be held in 2 days, September 13 and September 14, 2024.

The theme of this seminar on “Community Health Promotion & Education” not only reflects its relevance in today's world but also shared our commitment to achieve Sustainable Development Goal 3 (SDG 3), which aims to ensure healthy lives and promote well-being for all people at all ages. Health promotion and education empowers people to improve their health through prevention, awareness and sustainable practices.

We are honored to have impressive speakers who have broad of expertise, diverse perspectives, and passion for their fields. we hope this event can strengthen international cooperative relationships between Wijaya Husada Institute, Centro Escolar University Philippines, International Islamic University Malaysia, Daegu Health College Korea, Manila Central University Philippines, and Bataan Peninsula State University Philippines.

The presence of speakers here will enrich the discussion and inspire us to be even better in providing health services, especially in the field of disease prevention and health promotion to the wider global community.

We hope that this webinar can be a medium for transferring knowledge to webinar participants, both from representatives of health professionals, alumni, and students of Wijaya Husada Institute. We dedicate this seminar as an appreciation to health workers, alumni of Wijaya Husada Institute and our beloved country Indonesia.

We encourage participants of this webinar to actively participate, ask questions, during the webinar process. Through dialog and collaboration we can turn ideas into action and theory into practices. Finally, we would also like to thank the entire organizing committee who have put in a lot of effort in coordinating this webinar so that it can be carried out well, and of course we would like to thank the webinar participants for taking the time to participate in this webinar activity, and we apologize if there are things that are not pleasing during this webinar activity. We are sure that after this webinar the participants will gain additional knowledge and will be useful in their respective professions and also in the future.

Thank you very much!
